ABOUT US KGI

Krishna Group of Institutions (KGI), established in 2008, is a multi disciplinary educational group committed to academic excellence, research orientation, and industry-aligned learning.

The institution is approved by AICTE, PCI & INC and affiliated to AKTU, BTE, UPSMF & ABVMU

KGI, through its constituent institutions – Krishna Institute of Technology (KIOT) and Krishna Institute of Pharmacy & Sciences (KIPS) and Krishna Institute of Nursing Science and Research (KINSR)– offers programs across Engineering, Management, Computer Applications, Pharmacy, Nursing, and Paramedical Sciences, with a strong emphasis on experiential learning and professional preparedness.

Krishna Group of Institutions, Kanpur, stands as a hub of academic excellence, fostering industry-ready professionals through experiential learning and placement-focused training.

KGI-KANPUR stands as a **Premier Training Partner in Uttar Pradesh for the Intel Unnati Data-Centric Labs and IBM Skills Build Program**

KGI offers access to cutting-edge technologies, global certifications, and industry-driven learning.

With a strong ecosystem of innovation, mentorship, and real-world exposure, KGI ensures students are prepared not just for placements, but for long-term career success.

FROM THE CHAIRMAN'S DESK

Mr. Raghvendra Garg
(CHAIRMAN)
KRISHNA GROUP OF INSTITUTIONS

We believe in shaping the future by **empowering our youth with knowledge, skills, and values**. Our focus goes beyond academics to provide a holistic learning experience that prepares students for real-life challenges. We encourage students to learn through practical exposure rather than just theoretical study. By fostering curiosity, innovation, and discipline, we aim to develop confident and capable individuals. Our institution is committed to academic excellence and high teaching standards. We nurture students to become professionally skilled and socially responsible graduates. With a vision of continuous growth, we strive to build future leaders. **“Building Careers, Transforming Lives”** reflects our core mission and commitment.

Mr. Vaibhav Garg
(Vice Chairman)
Krishna Group of Institutions, Kanpur

It is my privilege to welcome you to **Krishna Group of Institutions, Kanpur**, a premier institution established in 2008 with a vision to deliver **quality education** and transform lives. We offer diverse programs in **Engineering, Management, Pharmacy, Nursing, and Paramedical Sciences, fostering innovation and academic excellence**. Our focus is on holistic development, combining technical knowledge with strong ethical values. With experienced faculty, an industry-oriented curriculum, modern infrastructure, and strong placement support, we prepare students for successful careers. At **KGI**, we nurture not just professionals but future leaders who can contribute meaningfully to society. We are committed to building confident, skilled, and responsible individuals. I invite you to join us on this journey of **growth and achievement**, and I wish you great success in your future endeavors.

FROM THE DIRECTOR'S DESK

Mr. Saubhagya Mehrotra
(Director Administration KGI)

"Nurturing Leaders for Tomorrow" reflects our vision and commitment to shaping future-ready individuals. We believe that education is dynamic, going far beyond a static achievement or mere degree. Our focus is on **developing adaptability and continuous upgradability** among students to meet real-world challenges. In today's competitive environment, value addition and employability skills are as important as academic knowledge. We strive to ensure not only academic excellence but also the overall **growth and personality development** of every student. Understanding that competition is ever-increasing, we design our curriculum to support holistic development. With years of experience in the education sector, we strongly believe that learning extends beyond books and classrooms. Our approach emphasizes practical exposure, skill enhancement, and innovation. We are **dedicated to nurturing** confident individuals equipped for success and leadership in a rapidly evolving world.

The world is rapidly evolving with **artificial intelligence, automation, sustain ability, and digital transformation, shaping the future of education and innovation.** We believe that true education goes beyond knowledge, focusing on character building, leadership, and societal impact. Today's engineers are not just problem solvers but future architects of smart technologies and sustainable solutions. At our institution, we nurture students to become leaders, innovators, and nation builders. Our goal is to develop professionals with knowledge, integrity, and social responsibility. We provide a dynamic environment that fosters critical thinking, teamwork, decision-making, and innovation. With experienced faculty and strong industry partnerships, we prepare students for real-world challenges. We emphasize academic excellence, ethical values, and leadership qualities. Our mission is to shape individuals who excel in their careers and contribute meaningfully to society. We invite students to join us and become future-ready professionals and change-makers.

Dr. Neeraj Dwivedi
(Director KIOT)

Dr. Swatantra Kushwaha
(Director KIPS)

Education has always been central to **human progress, inspiring a continuous quest for wisdom and excellence.** Pharmacy stands as one of the most trusted and respected professions, playing a vital role in healthcare and patient well-being. It is an evolving field that contributes to **drug development, research, and curing diseases.** Pharmacists serve society by ensuring access to safe and effective medications. In today's world, the youth require **proper guidance, direction, and strong values** to achieve their true potential. We believe that with determination and the right support, nothing is impossible. At **Krishna Institute of Pharmacy & Sciences,** we provide **high-quality education and professional training** to prepare students for this noble field. Our institution offers modern infrastructure, advanced laboratories, digital resources, and industry exposure. Supported by experienced faculty and strong placement assistance, we prepare students for future challenges. Our aim is to **develop skilled, responsible, and career-ready professionals** who can excel in the competitive world.

"Value what you do and add value by what you do" reflects the core responsibility of **nursing professionals** in society. The quality of **healthcare services** directly impacts the standard of life, making it essential for nurses and medical staff to be highly **skilled and competent.** We emphasize **professionalism, dedication, and quality training** to prepare excellent nursing professionals. Our goal is to contribute to **nation building** by delivering well-trained and compassionate caregivers. A strong **healthcare system** plays a crucial role in a nation's growth, as clearly seen during the **pandemic.** We focus on both **theoretical knowledge and practical training** to ensure real-world readiness. Students are equipped with the skills required to **serve society effectively and responsibly.** We believe in nurturing individuals who uphold **ethics, care, and commitment** in their profession. Our mission is to develop confident, capable, and **service-oriented nursing professionals** ready to make a difference.

Mr. Amit Walia
(Director KINSR)

COMPUTER SCIENCE & ENGINEERING (CSE)

WHY CHOOSE COMPUTER SCIENCE & ENGINEERING?

The Computer Science and Engineering (CSE) department at Krishna Group of Institutions (KGI) in Kanpur offers a variety of technical activities to enhance student learning and engagement in B.Tech(CSE) undergraduate program. Talking about Krishna Institute of Technology, it has a variety of computing equipment to support academic, research and instructional needs of future engineers. The department has about 600 high configuration computers connected to servers through a LAN with round the clock access to the internet. A reputed centre of excellence in Computer Engineering -KALAM COMPUTER CENTRE, the department has kept abreast with the rapidly changing developments in computation and advanced laboratories namely METAVERSE AND STEVE JOBS with its well equipped smart panels and aids for modern teaching. The highlights of Computer Science & Engineering Branch at KIOT are:

◆ Modern Infrastructure & Smart Classrooms:

Well-equipped computer laboratories, high-speed internet, coding laboratories, and smart classrooms for an immersive learning experience.

◆ Experienced Faculty & Mentorship:

Learn under the guidance of experienced professors and industry-trained mentors committed to academic and professional growth.

◆ Industry-Focused Learning:

Regular workshops, certifications, and hands-on projects in emerging technologies such as AI, ML, Data Science, Cyber security, and Cloud Computing.

◆ Strong Placement Support:

Active placement cell with tie-ups with reputed IT companies, startups, and tech giants offering internships and job placements.

◆ Coding Culture & Technical Clubs:

Vibrant campus coding clubs, hackathons, and coding competitions to build logical and programming skills.

◆ Entrepreneurial Ecosystem:

Support for innovation and startups through incubation centers and startup mentorship programs.

◆ Value-Added Programs:

Specialized training in Python, Java, Web Development, Data Structures, and aptitude to prepare students for campus recruitment and beyond.

COMPUTER SCIENCE & ENGINEERING (Artificial Intelligence & Machine Learning)

WHY CHOOSE CSE (ARTIFICIAL INTELLIGENCE & MACHINE LEARNING) ?

The Computer Science and Engineering (AI & ML) offers a four-year under-graduate B.Tech course in CSE(Artificial Intelligence and Machine Learning) which aims to develop a strong foundation by using the principles and technologies that consist of many facets of Artificial Intelligence including logic, knowledge representation, probabilistic models, and machine learning. This course is best suited for students seeking to build world-class expertise in Artificial Intelligence and Machine Learning and emerging technologies that help them stand out from the crowd and grow careers in the upcoming technological era. The highlights of Computer Science & Engineering (AI & ML) Branch at Krishna Institute of Technology are:

◆ Specialized Curriculum:

Deep focus on core areas such as Machine Learning, Deep Learning, Neural Networks, Computer Vision, Natural Language Processing, and Data Science.

◆ Hands-On Learning:

Real-time projects, coding laboratories, and practical sessions using tools such as Python, TensorFlow, Keras, and Scikit-learn.

◆ Expert Faculty and Mentorship:

Learn from experienced professors, certified AI/ML trainers, and mentors with real-world project exposure.

◆ Research & Innovation Focus:

Encouragement for research papers, patents, and project-based learning in the field of AI and automation.

◆ Strong Placement Network:

Dedicated placement cell with collaborations with top IT companies, AI startups, and R&D organizations offering job and internship opportunities.

◆ Center of Excellence in AI/ML:

Access to dedicated laboratories for AI/ML research, hands-on workshops, and certification programs in emerging technologies.

Eligibility: 10+2 (Without Grace)

COMPUTER SCIENCE & ENGINEERING (DATA SCIENCE)

WHY CHOOSE COMPUTER SCIENCE & ENGINEERING (DATA SCIENCE)?

The Computer Science and Engineering (DS) offers a four-year under-graduate B.Tech course in CSE (DATA SCIENCE) which aims to develop insights and knowledge from structured and unstructured data using the various techniques, tools and technologies. Data Science is a rapidly evolving field and students must stay updated with new techniques ,tools and technologies to drive growth and innovation This course is best suited for students seeking to build expertise in aspects of statistics ,computer science, and domain specific knowledge to drive informed decision making. The highlights of Data Science Branch at Krishna Institute of Technology are:

◆ Industry-Centric Curriculum:

Specialized focus on Data Analytics, Machine Learning, Big Data, Statistical Modeling, Python, R, and Data Visualization tools.

◆ Practical, Project-Based Learning:

Emphasis on real-world data projects, case studies, and hands-on labs using platforms such as Jupyter, Tableau, Power BI, and Hadoop.

◆ Experienced Faculty & Industry Experts:

Learn from seasoned academicians and certified professionals with expertise in analytics and data engineering.

◆ Advanced Computing Infrastructure:

Fully equipped data science laboratories with high-performance systems, cloud access, and software tools to support practical learning.

◆ Placement-Ready Training:

Soft skills development, aptitude training, mock interviews, and resume-building sessions to prepare students for data-centric roles.

◆ Internships & Live Projects:

Partnerships with analytics firms and startups offering internships, live case studies, and collaborative research opportunities.

◆ Innovation & Research Support:

Encouragement to work on data-driven innovation, publish papers, and explore interdisciplinary projects in AI, IoT, and business intelligence.

Eligibility: 10+2 (Without Grace)
(With Physics & Maths as compulsory
and one optional subject)

BCA (BACHELOR OF COMPUTER APPLICATIONS)

WHY CHOOSE BCA PROGRAMME:

Structured as per AKTU guidelines, the BCA programme at Krishna Institute of Technology offers a strong academic foundation in computer science and applications.

We live in a technology-driven world where the world is rapidly growing & developing. As a result, the world is becoming more digital and automated day by day. People associated with technology, whether the person is the programmer, developer or designer, are earning good packages.

As today's world is of computers and its technology, a large number of students are making their career in the field of computer science & technology. The scope in the computer science is on the rise and the students are building their career in it with 3 years undergraduate degree course called Bachelor of Computer Applications (BCA), which is a technical degree. The highlights of BCA programme at Krishna Institute of Technology are:

◆ Hands-On Learning with Modern Labs:

Well-equipped computer laboratories, access to the latest software tools, and real-world coding practice prepare students for IT careers from day one.

◆ Expert Faculty & Personalized Mentorship:

Learn from experienced educators and industry mentors who guide students through academics, projects, and career planning.

◆ Skill-Oriented Training & Certifications:

Regular workshops, certifications in Python, Java, Web Development, AI, and Data Science to enhance practical knowledge and employability.

◆ Project-Based Learning Approach:

Live projects, mini assignments, and internships that help students apply their classroom learning in real scenarios.

◆ Career Development Support:

Dedicated placement and training cell offering resume building, mock interviews, aptitude training, and internship opportunities.

◆ Strong Coding & Tech Culture:

Coding competitions, tech fests, hackathons, and clubs create a competitive and collaborative learning environment.

◆ Pathway to Higher Studies (MCA/MBA):

Roles in application and software development using Java, .NET, Python, or open-source technologies. campus recruitment and beyond.

BBA (BACHELOR OF BUSINESS ADMINISTRATION)

WHY CHOOSE BBA PROGRAMME:

The BBA programme at Krishna Institute of Technology follows a contemporary curriculum prescribed by Dr. A.P.J. Abdul Kalam Technical University (AKTU), ensuring a strong foundation in business and management.

BBA stands for Bachelor of Business Administration. It offers great understanding of business management and its environment. Also, BBA helps students in building leadership quality and management skills. It develops problem solving skills that are compulsory in this competitive world. BBA helps you in learning every aspect of management in the early stages. It connects you to the management environment and leads to gaining more knowledge about business and marketing. BBA is a comprehensive 3 years degree course for somebody looking to make a career in management. As a management aspirant BBA is the foundation course that will teach you the nuances that are required in a candidate to work effectively in a business organization. The highlights of BBA programme at Krishna Institute of Technology are:

◆ Experienced Faculty with an Industry Background:

The courses are taught by qualified professionals and industry experts, bringing practical insights into the classroom.

◆ Holistic Skill Development:

Focus on communication skills, personality development, leadership, and soft skills to prepare students for corporate life.

◆ Industry Exposure & Internships:

Opportunities to gain real-world experience through summer internships, industrial visits, and live business projects.

◆ Entrepreneurship & Innovation Support:

KIOT offers incubation support, workshops, and mentoring for students interested in starting their own ventures.

◆ Smart Infrastructure for Smart Learning:

Modern classrooms, digital learning platforms, seminar halls, and a dedicated business lab for simulations and research.

◆ Placement Assistance & Career Guidance:

Dedicated placement cell with support in resume building, aptitude training, and interview preparation from the very first year.

◆ Pathway to Higher Education (MBA):

BBA from KIOT is the perfect stepping stone to pursue an MBA with a strong conceptual and analytical base.

MBA (MASTER OF BUSINESS ADMINISTRATION)

WHY CHOOSE MBA PROGRAMME ?

The Masters' degree Programme at Krishna Institute of Technology, designed to develop the skills required for Business Administration (MBA) is an internationally recognized program for careers in business and management. The value of the MBA, however, is not limited strictly to the business world. An MBA can also be useful for those pursuing a managerial career in the public sector, government, private industry, and other areas. Keeping this in view, we provide our students with the latest mode of teaching (LCD, CASE STUDIES, GROUP DISCUSSION, INDUSTRIAL EXPOSURE, SEMINARS, & SUMMER COURSES etc.). Our MBA program is affiliated with Dr. A.P.J. Abdul Kalam Technical University (AKTU), ensuring a robust curriculum aligned with industry standards. The highlights of the MBA programme at Krishna Institute of Technology are:

◆ Experienced Faculty:

Learn from highly qualified faculty members with academic excellence and rich industry exposure.

◆ Industry-Relevant Specializations:

Choose from high-demand specializations such as Marketing, Finance, Human Resource Management, and Information Technology.

◆ Placement Assistance & Training:

The dedicated placement cell offers pre-placement training, resume building, mock interviews, and industry interactions to prepare students for the corporate world.

◆ Corporate Tie-ups & Internships:

Strong industry linkages with reputed companies offering regular internships, live projects, and guest lectures.

◆ Entrepreneurial Support:

Incubation center and mentorship support for aspiring entrepreneurs to turn their business ideas into reality.

◆ Modern Infrastructure:

State-of-the-art classrooms, digital libraries, computer laboratories, Club activities with the M3 Club and seminar halls to enhance learning experience.

◆ Skill Development Programs:

Soft skills, communication, leadership, and aptitude training are embedded in the curriculum to ensure all-round development.

CAREER OPTIONS AFTER ENGINEERING

We'll find new ways to
MAKE YOUR DREAM POSSIBLE

AFTER COMPUTER SCIENCE & ENGINEERING

- ◆ **Software Developer / Engineer:** Work in software development, mobile app development, or web development across startups and MNCs.
- ◆ **Cloud Computing Engineer:** Roles in designing, managing, and securing cloud infrastructure using platforms such as AWS, Azure, and Google Cloud.
- ◆ **Government and Public Sector Opportunities:**

Technical roles in ISRO, DRDO, NIC, and through GATE/PSU exams.

- ◆ **Higher Education & Research:** Scope to pursue M.Tech, MS abroad, or research in specialized fields such as Robotics, Quantum Computing, etc.
- ◆ **Startup Founder/Tech Entrepreneur:** With practical training and mentorship, many CSE graduates are well-

AFTER COMPUTER SCIENCE & ENGINEERING (AI & ML)

- ◆ **Machine Learning Engineer:** Build intelligent systems for sectors such as healthcare, finance, e-commerce, and manufacturing.
- ◆ **Deep Learning Engineer:** Work on advanced neural networks and applications such as facial recognition, autonomous vehicles, and medical diagnostics.
- ◆ **NLP Engineer:** Develop language models and voice assistants used in applications like chatbots, translation,

and sentiment analysis.

- ◆ **Startups and Entrepreneurship:** Launch AI-driven solutions or tech startups with support from KIOT's innovation and incubation ecosystem.
- ◆ **Government & Public Sector Roles:** Opportunities in AI policy planning, smart city projects, and AI-based public welfare systems via DRDO, ISRO, NITI Aayog, etc.

AFTER COMPUTER SCIENCE & ENGINEERING (DATA SCIENCE)

- ◆ **Data Scientist:** High-demand role in uncovering insights from complex data to support strategic decisions in the tech, finance, healthcare, and retail sectors.
- ◆ **Data Analyst:** Analyze and interpret business data to drive performance, trends, and outcomes using statistical and visualization tools.
- ◆ **Data Engineer:** Build and maintain scalable data pipelines and infrastructure using tools such as Apache Spark, Kafka, and SQL/NoSQL databases.
- ◆ **Machine Learning Engineer:** Create intelligent systems

and predictive models for various applications, including recommendation engines and risk analysis.

- ◆ **Startups & Freelance Opportunities:** Data Science graduates are highly sought-after in startups or as freelance consultants for data-driven business transformation.
- ◆ **Public Sector & Government Analytics Roles:** Scope in policy analysis, smart city data, and government decision systems through NIC, NITI Aayog, and Digital India initiatives.

AFTER BCA

- ◆ **Software Developer / Programmer:** Roles in application and software development using Java, Dot NET, Python, or open-source technologies.
- ◆ **System Administrator / Network Support Engineer:** Jobs in managing IT infrastructure, networks, and support systems in organizations and tech companies.
- ◆ **IT Support / Technical Analyst:** Provide tech support, Trouble Shooting Assistance and ensure IT systems run smoothly in various industries.

- ◆ **Digital Marketing Executive (Tech Domain):** Combine technical and marketing skills for roles in SEO, PPC, and analytics within tech-focused companies.
- ◆ **E-commerce / IT Coordinator:** Manage platforms, online stores, and digital operations in e-commerce, retail, and service sectors.
- ◆ **Government Jobs & Competitive Exams:** Eligible for various government exams such as SSC, banking, and public sector roles with a tech focus.

CAREER OPTIONS AFTER ENGINEERING, BCA, BBA & MBA

We'll find new ways to
MAKE YOUR DREAM POSSIBLE

AFTER BBA

- ◆ **Sales & Marketing Executive:** Entry-level roles in sales, brand promotion, and digital marketing across sectors like retail, FMCG, and IT services.
- ◆ **Business Development Executive:** Explore opportunities in identifying leads, developing business plans, and maintaining partner relationships.
- ◆ **Financial Analyst (Trainee):** Work in finance departments, insurance companies, or stock market firms handling basic financial data and reporting.
- ◆ **Event Manager / PR Executive:** Roles in corporate event management, media planning, or brand communication in event and PR firms.
- ◆ **Banking & Insurance Sector Jobs:** Eligible for roles like clerk, probationary officer (after competitive exams), and customer service executive in national and private banks.
- ◆ **Higher Studies (MBA, PGDM):** A BBA degree provides a strong foundation for pursuing an MBA or other postgraduate management programs for advanced career prospects.

AFTER MBA

- ◆ **Marketing Manager:** Roles in brand management, Digital marketing, product promotion, and customer engagement in companies across sectors.
- ◆ **Financial Analyst / Manager:** Opportunities in Banking, investment firms, fintech startups, and corporate finance departments.
- ◆ **Human Resource Manager:** Careers in recruitment, employee relations, training & development, and organizational development.
- ◆ **Business Analyst / Consultant:** Analytical roles to support strategic decisions in IT firms, consultancies, and MNCs.
- ◆ **Public Sector & Government Jobs:** Management Positions in PSU banks, government corporations, and administrative roles through competitive exams.

AFTER COMPLETING THE INTEL AI LABS CERTIFICATION

- ◆ **Industry-Recognized Skill Validation:** The certification from Intel adds credibility to your resume, showing employers that your AI/ML skills are validated by a global tech leader.
- ◆ **Hands-on Project Experience:** You gain practical exposure by working on real-world AI problems, which helps you stand out compared to candidates with only theoretical knowledge.
- ◆ **Better Placement Opportunities:** Companies prefer candidates with certified skills in emerging domains like AI, increasing your chances of campus placements and off-campus job offers.
- ◆ **Exposure to Latest AI Technologies:** The program introduces you to cutting-edge tools, frameworks, and methodologies used in the AI industry, keeping you job-ready.
- ◆ **Strong Resume & Portfolio Building:** Projects and certification badges enhance your resume, LinkedIn profile, and portfolio, making you more attractive to recruiters.
- ◆ **Networking & Industry Connections:** You get opportunities to interact with mentors, industry experts, and peers, which can lead to internships, referrals, and job opportunities.

AFTER COMPLETING THE IBM SKILL BUILD CERTIFICATION

- ◆ **Globally Recognized Certification:** Certification from IBM adds strong credibility to your profile, making your resume stand out to recruiters worldwide.
- ◆ **Job-Ready Technical Skills:** The program focuses on in-demand domains like AI, cloud computing, cyber security, and data analytics skills that are highly valued by employers.
- ◆ **Enhanced Placement Opportunities:** Having IBM Skill Build certification increases your chances of selection during campus placements as companies prefer certified and industry-trained candidates.
- ◆ **Practical Learning & Hands-on Experience:** You work on real-world scenarios, case studies, and projects, which helps bridge the gap between academic knowledge and industry requirements.
- ◆ **Strong Resume & Digital Portfolio:** Digital badges and certifications can be added to your resume and LinkedIn profile, showcasing your commitment to continuous learning.
- ◆ **Career Path Guidance & Networking:** The program often provides career resources, mentorship, and exposure to industry professionals, helping you explore job roles and career paths effectively.

TECHNICAL TRAININGS, WORKSHOPS AND INDUSTRIAL TOURS

TECHNICAL TRAININGS

- ◆ Advance C Training for B. Tech 1st year students.
- ◆ Advanced Python Training for B. Tech 2nd Year students.
- ◆ OOPS with C++ Training for B. Tech 2nd Year students.
- ◆ Python with Django Training for B.Tech 3rd Year students.
- ◆ Advance Java Training for B. Tech 3rd Year students.
- ◆ Data Structure and Algorithm (DSA) Training for B. Tech 3rd Year students.
- ◆ Data Structure and Algorithm (DSA) Training for B. Tech 4th Year & B. Tech students.

SEMINAR AND WORKSHOPS

- ◆ Seminar on "Cyber Raksha" by Dr. Anand Handa (CSO at C3i Hub, IIT Kanpur) for B.Tech Students.
- ◆ Workshop on IBM skills Build Program by Mr. Yash Shukla (Senior Engineer at CSRBOX) for B.tech & MBA students.
- ◆ Workshop on "Android App Development" by Mr. Shantu Purkit, Director of Netcamp Solutions Pvt. Ltd. for B.Tech CSE Students.
- ◆ Workshop on "Career Counseling Awareness" by World EDX.
- ◆ Seminar on "Internet of Things" in association with SOFCON India, Lucknow.
- ◆ "Financial Education and Career Opportunities for Young Citizens" by Ms. Shweta Singh (Trainer in Security Market).

INDUSTRIAL TOURS

- ◆ Industrial Visit to "IIT" Kanpur Campus" for B. Tech students.
- ◆ Industrial Visit to "TCS, Lucknow Campus" for B. Tech students.
- ◆ Industrial Visit to "Solitaire Infosys", Manali for B. Tech & MBA students.
- ◆ Industrial Visit to "Amul Dairy", Kanpur for MBA students.
- ◆ Industrial Visit to "Parle", Kanpur for MBA students.

International Collaborations, Certifications & Trainings

CLUB ACTIVITIES OF ENGINEERING & MANAGEMENT

CLUB ACTIVITIES OF THE MBA DEPARTMENT (M³ CLUB)

- ◆ Live Data analysis using AI & Chat Gpt workshop.
- ◆ Business Quiz Competition: Clash of Quiz.
- ◆ Financial Conclave in GHS-IMR
- ◆ Excellence in AI: Understanding AI Tools in Action.
- ◆ Nukkad Natak on World Journalism Day & Visit to old age home.
- ◆ LinkedIn AI Workshop: Practical Session.
- ◆ Poster Making and Business Quiz Competition.
- ◆ Survey on Super Markets: First Combined Market survey on FMCG products.
- ◆ Debate Competition

CLUB ACTIVITIES OF CSE DEPARTMENT (TECH TITANS CLUB)

- ◆ Q-Show "Mind Forge" - A digital Debate competition by the B. Tech students on the pros and cons of technology.
- ◆ "IQ Feista" - Technical Quiz Competition for B. Tech students organized by the Tech Titans Club.
- ◆ "Protect Your Digital DNA" - PowerPoint Presentation by the students of Computer Science and Engineering Department, a Competition by the Tech Titans Club.
- ◆ Talk Show "Train the Mind" - An Expert Lecture delivered by Jitendra Singh about trending and emerging AI technologies for B.Tech students.
- ◆ SEMINAR ON "Cyber Security": "Cyber Raksha" by Dr. Anand Handa (CSO at C3i Hub, IIT Kanpur)
- ◆ Workshop on IBM skills Build Program by Mr. Yash Shukla (Senior Engineer at CSRBOX) for B.tech & MBA students.
- ◆ SEMINAR ON "How to Prepare for Civil Services" by Ms. Komil Dwivedi (District Backward Class Welfare Officer) - Organized by Tech Titans Club.

DIPLOMA IN PHARMACY (D. Pharm)

The **Diploma in Pharmacy (D. Pharm)** is a foundational professional program designed to prepare students for a career in the pharmaceutical and healthcare sectors. This course provides essential knowledge of drug formulation, dispensing, pharmacology, and patient care, enabling students to play a vital role in ensuring safe and effective medication use.

The D. Pharm program holds significant importance in the healthcare system, as pharmacists serve as a crucial link between doctors and patients. With the expanding pharmaceutical industry and healthcare infrastructure, the demand for qualified pharmacy professionals continues to grow.

The Diploma in Pharmacy program is an ideal choice for students aspiring to enter the healthcare and pharmaceutical sector at an early stage. It equips learners with the knowledge, skills, and ethical grounding necessary to serve society as responsible healthcare professionals.

OBJECTIVE:

- ◆ Develop competent pharmacy professionals with strong theoretical and practical knowledge.
- ◆ Impart understanding of drug composition, pharmacological action, and therapeutic use
- ◆ Train students in prescription handling and patient counselling.
- ◆ Instill ethical values and professional responsibility in healthcare delivery.
- ◆ Prepare students for community and hospital pharmacy practice.

At Krishna Group of Institutions, our Pharmacy programs are designed not only to impart technical expertise but also to instill a deep sense of responsibility, compassion, and commitment to improve healthcare outcomes.

◆ **Laboratories:**

Well ventilated, illuminated, spacious and comfortable laboratories as per the specialization of Pharmacy Curriculum with all modern instruments, equipments, glasswares as recommended by PCI, AKTU & BTE.

BACHELOR IN PHARMACY (B. Pharm)

The **Bachelor of Pharmacy (B. Pharm)** is a four-year undergraduate degree program that equips students with in-depth knowledge of pharmaceutical sciences, drug development, clinical research, and healthcare systems. The program is designed to produce competent pharmacy professionals capable of contributing to the pharmaceutical industry, clinical settings, research, and regulatory sectors.

The pharmaceutical sector is one of the fastest-growing industries globally. With increasing demand for safe and effective medicines, skilled pharmacy graduates are essential in ensuring quality healthcare delivery. B. Pharm graduates play a crucial role in drug discovery, development, regulation, and patient care. The Bachelor of Pharmacy program is an excellent choice for students aspiring to build a rewarding career in the pharmaceutical and healthcare sectors. It provides a balanced blend of theoretical knowledge, practical skills, and professional ethics required to excel in the dynamic world of pharmacy.

OBJECTIVE:

- ◆ Provide strong foundations in pharmaceutical sciences and drug technology.
- ◆ Develop skills in formulation, analysis, and quality control of medicines.
- ◆ Foster understanding of pharmacological action and therapeutic applications.
- ◆ Enhance research aptitude and problem-solving abilities.
- ◆ Prepare students for roles in industry, healthcare, and academia.
- ◆ Promote ethical practices and professional responsibility

At Krishna Group of Institutions, our Pharmacy programs are designed not only to impart technical expertise but also to instill a deep sense of responsibility, compassion, and commitment to improve healthcare outcomes.

◆ **Laboratories:**

MASTER IN PHARMACY (M. Pharm)

The Master of Pharmacy (M. Pharm) is a postgraduate program designed to provide advanced knowledge and specialized training in various domains of pharmaceutical sciences. The program focuses on research, innovation, and technical expertise, preparing graduates for leadership roles in the pharmaceutical industry, academia, healthcare, and regulatory sectors.

With rapid advancements in drug discovery, biotechnology, and personalized medicine, the need for highly skilled pharmacy professionals is continuously increasing. The M. Pharm program equips students with expertise to contribute significantly to innovation, quality assurance, and safe healthcare delivery.

The Master of Pharmacy program is an ideal choice for graduates seeking to deepen their expertise and advance their careers in pharmaceutical sciences. It nurtures professionals into skilled researchers, academicians, and industry leaders capable of addressing modern healthcare challenges.

OBJECTIVE:

- ◆ Develop advanced theoretical and practical knowledge in specialized areas of pharmacy.
- ◆ Promote research aptitude, innovation, and scientific inquiry.
- ◆ Train students in modern analytical techniques and advanced instrumentation.
- ◆ Prepare professionals for roles in research, industry, and academic institutions.
- ◆ Enhance critical thinking, problem-solving, and decision-making skills.
- ◆ Instill professional ethics and regulatory awareness.

At Krishna Group of Institutions, our Pharmacy programs are designed not only to impart technical expertise but also to instill a deep sense of responsibility, compassion, and commitment to improve healthcare outcomes.

STUDENTS TESTIMONIAL

Shaurya Deep
(B.TECH- CSE)

★★★★★ jaro education

My name is Shaurya Deep and I'm deeply grateful to my college for the incredible opportunity to start my career at Jaro Education. The guidance and support I received were instrumental in my success. I'm excited to apply the knowledge and skills I have gained to my new role.

Shivani Kushwaha

(B.TECH- CSE) UNLOX

My name is Shivani Kushwaha and I am placed in Unlox Academy. I am incredibly grateful to my college for providing me with an excellent platform to kickstart my career. The valuable advice, training sessions, mock interviews, and mentorship of my faculty helped me prepare for the recruitment process with confidence. The college's efforts in bringing in top recruiters and creating a seamless placement process were truly commendable.

Tanya Shukla
(B.TECH- CSE)

★★★★★ TCS

My name is Tanya Shukla, and I'm currently working as a System Engineer at TCS. I would like to sincerely thank Krishna Institute of Technology Kanpur for providing me with the platform to begin my professional journey. The constant support, encouragement, and motivation from our Director Sir, HOD, and all faculty members have been truly inspiring. Their valuable guidance helped me build the right skills, confidence, and mindset to step into the industry. I feel proud to be a student of such an institution that genuinely cares about its students' growth and success. Thank you KIOT -Kanpur for being the stepping stone to my career.

Yuvraj Singh
(B.TECH- CSE)

★★★★★ Webkul

My name is Yuvraj Singh, and I'm thrilled to share that I have been placed at Webkul. This opportunity marks a significant milestone in my journey, and I couldn't be more thankful. I would like to sincerely thank the Krishna Institute of Technology, Kanpur for nurturing my skills and providing the environment to grow both personally and professionally. A special thanks to our Director, HOD, and all the faculty members whose consistent support and encouragement made this achievement possible. I'm excited to take this next step forward, carrying the values and knowledge my college has instilled in me.

Sanatan Mishra
(B.TECH- CSE)

★★★★★ PLANETSPARK

I am incredibly grateful to my college for providing excellent placement opportunities. The support from the placement cell and faculty helped me secure a role at "Planetspark", where I am currently working. The training sessions, mock interviews, and career guidance played a crucial role in my success. My college has been instrumental in shaping my skills and preparing me for the professional world. I truly appreciate the efforts of my mentors and the placement team in making this journey smooth and rewarding.

Varun Singh
(B.TECH- CSE)

★★★★★ VISION WAVES

KGI is a place where all the students get equal opportunities and platforms to showcase their talents and improve their skills set. I am thankful to all my mentors for guiding me through the four years of my B.Tech program.

Abhay Dixit
(MBA)

★★★★★ Ralph Ryker Learning

The life here at KGI is a bliss for all aspiring students who want to achieve great things in life. The Institute provides all the basic and advanced amenities for success and growth of every child.

Radhika Gupta
(MBA)

★★★★★ PLANETSPARK

I'm thrilled to share that I have been placed at "Planetspark", I'm truly grateful to my college KGI for offering a platform to sharpen my skills and knowledge. The dedicated and skilled faculty at KGI played a key role in shaping my journey and success.

STUDENTS TESTIMONIAL

Devashish Verma
(B.Pharm)

"The placement training and career guidance offered by Krishna Institute Of Pharmacy and Sciences are top-notch. The mock interviews and resume-building sessions made me feel confident during my campus placement. I secured a position in a reputed organization as a Regulatory Affairs executive at **Merit Organics Limited**. This college provided me with the knowledge and skills necessary to pursue my dream of becoming an expert in the pharmacy profession."

Kapil Mishra
(B.Pharm)

"My academic journey at KIPS has been both rigorous and rewarding. The institution's commitment to high academic standards, along with its experienced and dedicated faculty, has played a pivotal role in shaping my professional and intellectual growth. The curriculum is thoughtfully designed, blending theoretical depth with practical application." Your guidance and quality education have played a significant role in helping us achieve this remarkable position. Currently, I'm working as a Regulatory Affairs executive at **Merit Organics Limited**.

Ashmit Goyal
(B.Pharm)

7C PHARMACEUTICAL(OPC)

"Krishna Institute of Pharmacy & Sciences, Kanpur played a crucial role in shaping my career. The faculty provided exceptional academic support and practical training that prepared me for the industry. The placement cell guided me every step of the way, from building my resume to acing interviews. Currently, I work for 7C Pharmaceutical(OPC) as a Business-Development Executive. I attribute my achievement entirely to KIPS."

Tapasya Nautiyal
(B.Pharm)

I am grateful to KIPS for providing such a strong foundation in pharmacy and professional skills. The regular mock interviews, industry visits, and soft skills sessions gave me the confidence to succeed. Getting selected by **Symbiosis Pharmaceutical Pvt. Ltd.** as an IPQA officer has been a turning point in my career, and I couldn't have done it without KIPS."

Prateek Singh
(B.Pharm)

I'm Prateek Singh. I made the right choice in selecting KIPS for my pharmacy study. I felt competent and confident thanks to the institute's skill-enhancement sessions, frequent lectures, and practical-oriented instruction. I'm now pursuing a Master of Pharmacy (Pharmacology) at a postgraduate program. I owe this achievement to the dedicated faculty, staff, and excellent training provided at KIPS."

Manvi Katiyar
(B.Pharm)

Choosing KIPS for my pharmacy education was the best decision. The institute's practical-oriented teaching, regular seminars, and skill-enhancement sessions made me confident and capable. I am now Employed at **Ramax Pharmaceuticals Pvt. Ltd** and I owe this achievement to the dedicated staff and excellent training provided at KIPS."

Adarsh Kumar Singh
(B.Pharm)

"Krishna Institute of Pharmacy & Sciences, Kanpur played a crucial role in shaping my career. The faculty provided exceptional academic support and practical training that prepared me for the industry. The placement cell guided me every step of the way, from building my resume to acing interviews. Currently, I work for Aristo Pharmaceutical Private Limited as a Business Development Executive. I attribute my achievement entirely to KIPS."

Arooshi
(B.Pharm)

I am Arooshi. Currently pursuing Master of Pharmacy in the Pharmacology Department. I am grateful that Krishna Institute of Pharmacy and Sciences allowed me to pursue my academic career under the guidance of knowledgeable faculty members. I received an 8.68 CGPA in my B. Pharm program and passed the GPAT 2024 with an AIR of 2693, thanks to their assistance. Not only do I do better academically, but I also develop my personality by engaging in various academic activities, debates, speaking, and presentations. Thank you so much, KIPS, for providing an environment that allows me to grow and enhance my future."

STUDENTS TESTIMONIAL

Akansha Rajput
(B.Sc. Nursing)

Hello, I'm Akansha Rajput, a 2025 Nursing graduate from Krishna-Institute of Nursing Science and Research, Kanpur. My alma mater offers top-notch education, infrastructure, and expert faculty, fostering holistic development through extracurricular activities. The institute's anti-ragging campus, international-level campus placements, and vibrant events made my experience exceptional.

Ruby Pal
(B.Sc. Nursing)

I'm Ruby Pal, a 2024 BSc Nursing graduate from Krishna Institute of Nursing Science and Research (KINSR), Kanpur. My 4-year journey at KINSR was outstanding, with regular classes enhancing my aptitude and technical skills. The experience was a perfect blend of learning and fun, helping me discover myself. KINSR also provided placement opportunities, making my time there truly unforgettable.

Anurag Singh
(GNM)

Anurag Singh from Gnm. I'm thankful that I got the opportunity to express my feelings and gratitude about my college KINSR. I'm very glad to be a part of the college I have completed my Diploma from this college and it was a grateful experience as a student where I used to learn different things about medical professions a heart full thank you to all my faculty members for making my future bright and making me a responsible nurse.

Rishi Kumar
(GNM)

I am Rishi Kumar. Today, I'm filled with a mix of emotions - happiness, gratitude, and a hint of sadness. I've spent three years of my life in these walls, learning, growing, and making unforgettable memories. I'll carry the lessons, experiences, and friendships I've made here with me. I'll cherish the moments we've shared and reflect my time at KINSR with fondness.

Anjali
(B.Sc. Nursing)

I'm thrilled to share my experience as a proud alumnus of Krishna Institute of Nursing Science and Research (KINSR), Kanpur. The college played a vital role in my holistic development, providing top-notch education, knowledgeable faculty, and opportunities for extra curricular growth. I cherish my 4-year journey (Batch 2021-25) and highly recommend KINSR to aspiring nursing and paramedical students seeking quality education.

Abhay Kumar
(GNM)

Abhay kumar from Gnm. I'm thankful that I got the opportunity to express my feelings and gratitude about my college KINSR. I'm very glad to be a part of the college I have completed my graduation from this college and it was a grateful experience as a student where I used to learn different things about medical professions a heart full thank you to all my faculty members for making my future bright and making me a responsible nurse.

Abhinav Sachan
(GNM)

I'm Abhinav Sachan, a GNM graduate (2021-24) from Krishna Institute of Nursing Science & Research (KINSR), Kanpur. My experience at KINSR was excellent, with a mix of academics and hands-on training preparing me for the nursing profession. The faculty, facilities, and strong placement record (Including Apollo and Max hospitals) made my time here valuable.

Ebenezer Singh
(B.Sc. Nursing)

Hi, I'm Ebenezer Singh, a 2024 (Nursing graduate from Krishna Institute of Nursing Science and Research (KINSR), Kanpur. My experience at KINSR was exceptional, with top-notch education, personalized attention, and engaging co-curricular activities. The institute's secure, ragging-free campus and placement opportunities in renowned hospitals like Apollo and Max Healthcare helped me develop valuable skills and secure a great career start.
